

Withdrawal claim form

Why do I need to complete this form?

Because you are leaving your employer, you need to tell Alexforbes what to do with your retirement benefits. It is important that you understand your options and make the right decision for you and your financial wellbeing.

Name of fund

Name of employer / paypoint

What are my options?

1 Keep your benefits where they are

Your money will stay invested in the same portfolios, with an option to take a small cash portion.

How does this benefit me?

- It is the easiest process.
- You can change your decision or investment option later.

Download the in-fund preservation brochure to find out more.

Important: If you received advice from a financial adviser on this option, please tick this box and **click here** to complete this one-page form.

Yes, my financial adviser assisted me in choosing this option

2 Transfer

Move your money out of your employer fund, with an option to take a small cash portion or transfer all your benefits.

How does this benefit me?

- Your transfer amount will be invested in a fund of your choice.

3 Withdraw all your benefits

This option allows you to take cash up to the legal limits.

Please note: If you cash in your retirement benefit now, this may negatively impact your retirement outcome.

Note:

Before you make any decision regarding your withdrawal benefit, it is important to check the values in your vested, savings and retirement pots. You can check your benefit statement online by clicking **here** or navigating to <https://online.alexforbes.com>, requesting a quote from your human resources department at your employer or discussing it with your financial adviser.

Vested pot specific limits

If you want to preserve some of your benefits in the fund, you can fully preserve or fully withdraw your vested pot. If you want to transfer some of your benefits from the fund, you can fully transfer or fully withdraw your vested pot, as well as select to transfer a portion and withdraw the rest of your vested pot.

Savings pot specific limits

If you have not withdrawn from your savings pot in the current tax year, you are allowed to withdraw all, or a part of your savings pot.

If you have withdrawn from your savings pot in the current tax year, and your balance is less than R2 000, you are allowed to withdraw your full savings pot.

If you have withdrawn from your savings pot in the current tax year, and your balance is more than R2 000, you are not allowed to withdraw anything from your savings pot.

Additional notes

If you want to transfer to an approved fund, any portion of your different pots not withdrawn in cash needs to be transferred together to the same fund.

Any 37D deductions (e.g. divorce order, maintenance order, employer debt, etc.) will be deducted proportionately from the vested, savings and retirement pots.

I have received retirement benefit counselling and understand the different options that I may choose and the implications of these options.
